

New Product Information* Layout!

Additional Changes...

NEW PHOTO GALLERIES!

Check out the new format of the galleries. There are seven end use categories. If you have pictures, we would love to include them.

NEW VIDEOS ADDED!

Currently, we have added two videos- one on A&S Building Systems and one on Building Green.

MONTHLY TIPS

Each month, our experts chime in on topics you need to know about. Click News to find out the latest product information, industry trends, and other things you need to know.

If you have pictures, videos, or questions, you would like to see answered, please send them to mehaun@a-s.com

The screenshot displays the A&S website interface for the SuperLok product. It features a navigation bar at the top with links for Home, Products, Media, News, Value Express Plus, and Contact. The main content area is divided into several sections:

- SuperLok**: A large image of the panel with technical drawings showing dimensions and installation details.
- Monthly Tip**: A section titled 'Snow Load / Roof Slope Interaction - Jan. 2010' providing information on roof system design requirements.
- Specifications**: A table-like layout listing 'Gauge' (24 gauge standard, 22 gauge optional), 'Length' (maximum recommended length is 50'), 'Dimensions' (15" wide and 2" high), 'Fasteners' (concealed fastening system), 'Features' (application flexibility, factory finished, etc.), and 'Download' (view printable version).
- Benefits**: A list of advantages such as 'Application flexibility', 'Factory finished roof system', 'Less field labor and longer life', 'Customer confidence', and 'Meets stringent code requirements'.
- Technical Diagrams**: Detailed drawings of the panel's cross-section and installation methods.
- Logos and Branding**: The A&S Building Systems logo and the slogan 'Putting Beauty' are visible.

* A copy of each of the panel profiles is included

In order to provide you with the latest information and the most helpful tools to maximize your success, we continue to make changes and enhance our website. One of the most significant changes this month has been to redesign the product information layout for every panel offered. Now, you will find product pictures, panel profiles, and all the specifications necessary to use this panel. In addition, you can now click a "Download" button to get a PDF of all this information.

Coming January 2011!

- New Literature- All new product literature available in a magazine format online
- Warranty Information- all information and sample warranties
- Downloadable Presentations- New product and End Use PowerPoint presentations available under the media tab
- Announcements & Articles- Under the News Tab, find company and product announcements as well as articles written for trade magazines
- Enhanced Architect and Builder Sections

Our intent is to ensure that the A&S website is user-friendly and contains all the tools necessary for you to maximize your potential. If you have comments or suggestions regarding how we can improve this for you, please email them to mehaun@a-s.com, subject: WEBSITE.

A&S BUILDING SYSTEMS

REAL PEOPLE. REAL PRODUCTS. REAL SOLUTIONS.
